

Hands-on Studies

- Each *Simply Science and Studies* class includes hands-on learning and take home assignments. Homework is encouraged for greater retention.
- Testing is done to encourage mastery.
- A report card will be given at the end of each session to showcase the child's learning achievements in a continually positive manner.
- Classes can get messy at times. Please dress accordingly.
- Each class has a minimum registration of 10 students. If this minimum is not met, the class may be cancelled at the discretion of the instructor.
- Class rotations max out at 18 students. Please secure your spot early. All registrations are final. No refunds will be given and full payment of all classes will be required even if a drop out occurs.
- Parents are welcome to attend our classes at no extra cost or drop their child(ren) off. If dropping off, please be prompt in picking up when class is over.

About Us

Akron Fossils and Science Center is a learning center that explores many scientific models in historical and operational science. These models do include Creation Science, Intelligent Design, and Catastrophism.

Our *Simply Science and Studies* classes teach with an open mind and encourage critical thinking, allowing the students to decide for themselves in complicated areas of understanding.

2080 S. Cleveland-Massillon Rd.
Copley, OH 44321

Location

Conveniently located in Copley Township only fifteen minutes from downtown Akron.

Find and print
driving directions
on our website.

Other things to do...

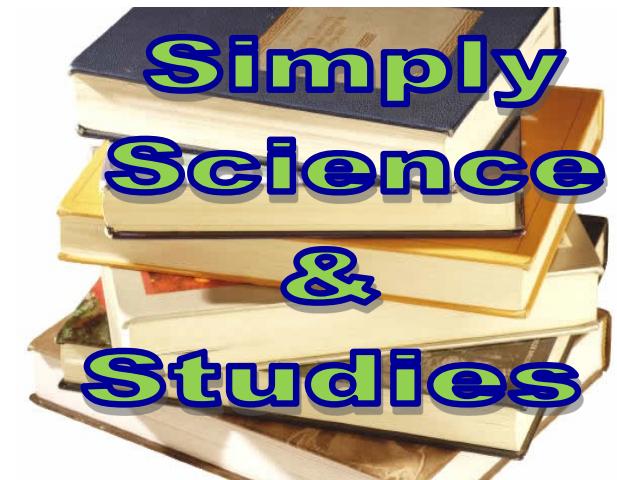

Akron Fossils and Science Center has many other learning opportunities along with a play park where you can have fun on a Giant Slide, 200 ft. long Zip Line, 4-person Helicopter Swing... and much more! We also have a play area for the younger children and a picnic area for bringing lunches. Admission to the museum or the park is separate from all class fees.
